It is a great pleasure to know that Computronics, A gateway to Computer World, Serampore Hooghly is going to celebrate its 12-years anniversary and to make it memorable they had taken a lot of events and programs throughout the year 2020. In past some years nation is passing through a very rapid change in application in technology for its own developments but also changes took place in eco-social aspect.

In this context this institute not only focused on the teaching and training of computer they also put the liability of a torch bearer of the same by taking some initiative to make the “training” more adaptable and compatible to the common pupil specially those are near to the lower middle counter part of our society.

I would like to congratulate their initiatives and acknowledge their efforts from the bottom of my heart. I am also privileged to found myself not only officially involved as an ISO affiliating authority but also in personal level.

Hope that this celebration i.e. Celeb-12<sup>th</sup> and Beacon’22 a grand success and wish all the very best.

### An Interview by Computronics member

গানে গানে পথ চলা : কুন্তলা বসুর কথা বলা

পৃথ→প্রথমেই দিদির ধন্যবাদ জানাই এত ব্যস্ততার

মধ্যেও আমাকে সময় দেওয়ার জন্য।

কুন্তলা→ আরে না না, আনন্দের সাথে (হেসে)

পৃ→ যে প্রশ্নটা প্রথমেই মনে হল- “গান-কেই” কেন পছন্দ করলেন ?

কু→(হেসে) বলতে পার গানই আমাকে পছন্দ করেছে।

জ্ঞান হয়ে থেকে মা কে গান গাইতে দেখেছি, শুনেছি।

মা বলেন, আমি নাকি “মা” না বলে “সা” প্রথম বলেছিলাম।

পৃ→ গুরুর কথা দিয়েই গুরু করুন প্লিজ

কু→ সেই নার্সারি থেকেই গান শেখার হাতেখড়ি। স্কুলে বিভিন্ন অনুষ্ঠানে অংশগ্রহণে প্রশংসা পেতে থাকলাম। প্রথম ক্লাস সেভেনে পাড়ার পাঁচিশে বৈশাখে পারফর্ম করা। সকলের চোখে-পড়া বলতে, কলেজের সোশ্যাল। মিউজিক-গ্রুপ এ ডাক পেলাম। ধীরে ধীরে পরিচিতি বাড়তে লাগলো। TV-network এর এডিশনে যেতে শুরু হল। ডাক পেলাম ZEE-Bangla sa-re-ga-ma-pa, E-TV। অফার এল HMV থেকে রেকর্ডিং এর। সিনেমাতে প্লে-ব্যাক করার প্রথম অফার এল 2013-এ।

পৃ→ বাঃ ! এই প্রসঙ্গে জানতে ইচ্ছে করছে, পড়াশোনা আর গান শেখা সামঞ্জস্য রাখতেন কি করে ?

কু→(হেসে) সত্যি বলতে কি কোন অসুবিধে হয়নি। কারণ, গান আর পড়াশোনা রজের রুটিনের অংশ ছিল। খুব স্বাভাবিক ভাবেই “গান ভালবেসে গান” ব্যাপারটা। আর পরীক্ষার আগে আর চলাকালীন সপ্তাহ সময়টা “রেওয়াজ” বন্ধ রাখতাম। শে হলেই ফের পুরদমে শুরু।(হাসি)

পৃ→ অসাধারণ ! কিছু বিশেষ স্মরণীয় মুহূর্ত !

কু→একাধিক রয়েছে। তবে 2010 এ আকাশবাণী তে গাওয়া। 2018-তে কুমার শানুর সাথে ডুয়েট-রেকর্ডিং করা।

সাক্ষাৎকার গ্রহণ চলছে

পৃ→ আপনার জীবনের “তিনটি

অগ্রাধিকার”কাজ যা কিনা করে ওঠা হয়নি বলে মনে করেন ?

কু→(একটু হেসে) বেশ কিছু বাংলা

সিনেমাতে গান গেয়েছি; Bollywood

এ প্লে-ব্যাক করার সাধ রয়েছে। শুধু

শিল্পী না, আমাকে যেন “মানুষ কুন্তলা” হিসেবেও লোকে জানে। আর অবশ্যই মেয়েটাকে “মানুষ” করা।

পৃ→ উৎসাহজনক। মনে করুন দিদি, আপনি যদি “সঙ্গীত শিল্পীই” না হতেন, তাহলে আপনি কি হতে চাইতেন ?

কু→ এটা কিরকম প্রশ্ন ! (হেসে) আমি C.U.এর জুয়লজি অনার্সের ছাত্রী। নিজেকে “শিক্ষিকা” হিসেবে দেখতে চাইতাম।

পৃ→ এই সমাজের অংশ হিসেবে আপনার অনুভূতি কি?

কু→ আমি গর্বিত আমি ভারতীয়, আমি বাঙালী। ধন্য যে এমন সময়ে জন্মেছি যে “মেয়েদের সমান” চোখে দেখার, সুযোগ দেওয়ার আর চলাফেরা করার স্বাধীনতা আছে। অবশ্যই সব কিছুরই ব্যতিক্রম বা বিপরীত আছে থাকে আর থাকবেও। মন থেকে প্রণাম ও কৃতজ্ঞতা জানাই বিদ্যাসাগর মশাইকে, রামমোহন রায়দের মত মানুষদের।

পৃ→ যদি কোনভাবে সুযোগ পান সঙ্গীত ক্ষেত্র ছাড়া সামাজিক বা অন্য ক্ষেত্রে আপনি কি পরিবর্তন করতে চাইবেন?

কু→ শিক্ষা। বিষয়টা বেশী গুরুত্বপূর্ণ। পড়াশোনার সাথে সাথে তার ব্যবহারিক প্রয়োগ আর সুকুমার-বিদ্যার মেলবন্ধনে মানসিক বিকাশের বা প্রশান্তির চেষ্টা করব।

পৃ→উদীয়মান শিল্পীদের জন্য আপনার কি ভাবনা? কোন টিপস !

কু→(হেসে) যুগটা মাল্টিটাস্কিং-এর, কাজেই যেকোনো একটি ঘরানায় নিজেদের সিমাবদ্ধ না রাখার চেষ্টা করতে হবে। সর্বপরি প্রচুর রেওয়াজ করা চালু রাখতে হবে। আত্মতুষ্টির কোন সুযোগ নেই। আর অবশ্যই প্রচুর গান শুনতে হবে।

পৃ→ আরও অনেক অনেক কথা বলার, জানার ছিল। কিন্তু সাজিয়ে উঠতে পারলাম না। আবার ও আপনার সাথে কথা বলার জন্য আগাম অনুমতি নিয়ে রাখছি।

কু→ অবশ্যই। আবারও কথা হবে। (হেসে)

পৃ→ অনেক অনেক ধন্যবাদ দিদি। অনেক শুভেচ্ছা রইল পরবর্তী অ্যালবামগুলোর জন্য। (হেসে)

### FROM THE DESK OF

**Mrs. R. Chakraborty**  
**President,**  
**Computronics, A Gateway to Computer World**

At the very onset, I would like to express my sincere congratulation and thanks to the organizers for arranging the 5<sup>th</sup> Bi-Annual Convocation-‘22 and also “Duodenal Alumni Carnival” as an extended part of the Celeb-12<sup>th</sup>, which is a tale of journey from a point to a dizzy framed destination.

In this pious occasion i.e. the closing ceremony of the celebration of the journey I would like to recollect the vision of a mission of building up such an organization which will not only serve as a computer training centre, but it will also be a centre where students have the freedom to flourish their ideas, concepts through learning, advance projects and be confident in communication.

In this august occasion of 12<sup>th</sup> year celebration and Bi-Annual convocation of the institution, I would like to thank the BBCA, Hindmotor authority and the organizing team those who were and are a part of this journey.

I wish the celebration and all involved in organizing it a great success.

**RATNA CHAKRABORTY**

**Mr. A. Majumder; Faculty member**

Teaching is one of the noblest professions anyone can opt for. I got this opportunity from "Computronics". It's been 6 years that I'm associated with this Institution as a "Teacher". The environment of this institution is apt for the nourishment of the young minds and for effective transmission of knowledge. So we need to be more sensitive to our students' frame of mind. Not only students, as a teacher we can learn a lot from this Institution as well.

In our 12 years of journey, I have got many experiences in this institute which has helped me to grow. From the time I am associated with Computronics as a Hardware Engineer, I'd seen the struggle but this Institute never chose to quit and has always prioritized its students. I can guarantee that in the upcoming years our institute will grow more strong and compact. More people will recognize this institute which is working on basics of our society because the main focus of our Institute is to teach students how to learn and further pass on the knowledge to their next generation. The institute also teaches how to stay calm which is an essential skill. It also sharpens their mind and make them eligible human beings.

I've seen many computer institutes but in my opinion none of them can take care of students like our institution does. I've never seen an Institute working on students mind to guide them in right direction.

Though there is no such lack of infrastructure but I have a small proposal for this institution i.e. to allocate more time for our students in order to make them more skillful so that "Computronics" can form its own IT team. As a guest teacher and as a well wisher of this institution I wish the Institute all the success and fulfillment towards goal and I want to see "Computronics" as a brand name.

**ARNAB MAJUMDER****Mrs. S. Dutta (Majumder); Alumni**

I am feeling much emotional when I picked up the pen to write about the experience with the institute, Computronics. I was a student of this institute and became an instructor of the same. The journey from a student to an instructor was a memorable part of my academic life.

In the year 2009 I took admission in this institute and left for further job sector in 2015. During this 6years I had not only trained in related subject I learnt "how to learn and teach". One common statement I heard in several occasion that "if you want to be a good teacher then always ready to be a student". It is better fitted for it.

I am very much privileged to be a part of this glorious journey of 12years of Computronics, A Gateway to Computer World. I am really blessed and privileged to get the opportunity to express myself in the occasion of "Alumni Carnival"

I would like to congratulate the authority and associates for their achievement and wish them good luck for their efforts in social aspects as well.

With well wishes,

**SHIWLI DUTTA (MAJUMDER)**

**Acknowledgement****Organizing Secretary****Computronics, A Gateway to Computer World, Serampore****&****Beacon'22, Celeb 12<sup>th</sup> and PSDP'22**

It is my great privilege and pleasure to express my gratitude to all the guests, speaker(s), present and ex-students, guardians and participants on behalf of the organizing committee of **Beacon'22 (5<sup>th</sup> year of Convocation) and PSDP'22 (6<sup>th</sup> year of Presentation and Skill Development Program) and also the 12<sup>th</sup> year celebration of Computronics as Celeb'12<sup>th</sup>.**

I express my sincere thanks to the distinguished Guest(s) and the members of the Technical and Advisory Committee for their continuous support and encouragements.

I have great pleasure in placing the "Journey of 12-years, a stepping stone", a printed form of the enormous dedication, thoughts, concentrations, all square supports of the eminent engineers, academicians, professionals, well-wishers and different representatives of different parts of the society.

I would like to congratulate the organizers have taken all effort to make the "Journal" error free. But still some errors might have crept in for which they apologies in anticipation. It is hoped that readers will enjoy and have a glimpse of the path crossed by the institution during its twelve years and collected the gems of memory and experiences.

It is my sincere thanks go to the session chairperson(s) of different events organized by Computronics in different time to time for their golden presence and cooperation and encouragement.

At last but not least I acknowledge the efficient cooperation received from the members of the organizing committee which made the "Celeb-12<sup>th</sup>" event possible during the pandemic situation.

Now, I hope that the experiences and memories and blessings we gathered in this journey will be a milestone in the life.

Welcome to Celeb 12<sup>th</sup> year celebration of ComputronicS (Celeb-12<sup>th</sup>), Serampore, Hooghly, West Bengal , India.

**PINAKI CHAKRABORTY**
